

# Eliminator Series

## Outswing Door

Elixir Eliminator Series Thermal outswing door is constructed from vinyl laminated galvanized steel. Our Eliminator Series is the first door in the industry to truly offer a full thermal break unit. We continue to offer products that are innovative and respond to the needs of our industry, and the Eliminator Series is one of the results of that commitment.

With a wide range of available sizes and door lite options, the Elixir Eliminator Series door will fit most of your application needs. Contact your local Elixir Division or distributor for more information.

Eliminator Door With Optional
